 ANIMAL SHELTER

December 2010

Dear Friends,

December has arrived, and already the exercise yards at Oasis are frozen and filling with snow. A truly diverse group resides at the shelter these days. Newer arrivals include shitzu Baby Lynn, small terrier Tiny, blue-eyed shepherd Isis, large red male dobie Ace, gregarious young border collie Miranda, super-sized American bulldog Nell, and a litter of precious puppies. Visitors can find a forever friend of just about any size, color, age or personality. Most are mixed breeds. Each is friendly and a perfect match for some lucky individual or

family. The shelter staff remains grateful for the support of all friends to Oasis, and we wish you and your loved ones a wonderful holiday season.

### Special Girl Needs Home

Patience's story is especially touching. This gentle lab mix returned from an obedience training program ready in

every way for adoption. Sadly, lumps were discovered on her body, determined cancerous and removed. Patience recovered from surgery and seems as alert, active and friendly as ever. Her future, however, is uncertain. She may live an active life for years, but no one can be sure. Patience deserves to spend her days in a loving home. She is an easygoing, house-trained gal, who gets along well with other dogs. Please contact Oasis if you are interested in providing a home for her.

PS. OASIS REALLY NEEDS MORE VOLUNTEERS, TOO!
